Composition of the Board

Details of the Directors, their experience and their special responsibilities with respect to the Company are set in the Directors Report section of the Company's 2019 Annual Report.

The Board considers that collectively the Directors have the range of skills, knowledge and experience necessary to direct the Company. The Directors consider the level of skills on the Board is strong in respect of all of the above categories where two or more Directors are represented. The Board is recruiting an independent Non-Executive Director who will also fill the role of Audit, Risk and Compliance Committee Chair.

Any new Director appointed by the Board during the course of a year is required to stand for election at the next AGM. All material information known to the Company that is relevant to a decision on whether or not to elect or re-elect a Director is provided to shareholders in the AGM Notice of Meeting.

The Company has formal letters of appointment in place with all Directors setting out the terms of their appointment. On appointment, all Directors undertake a formal induction program to familiarise themselves with the Company, strategy and any current issues before the Board and undertake briefings with all key executives.

The Directors are responsible for maintaining their own professional accreditations and continuing professional development.

The Board considers a Director to be independent if that person is free of management and other business relationships that could materially interfere, or could reasonably be perceived to materially interfere, with the exercise of objective and independent judgement. More information can be obtained from the Group's Policy on the Independence of Directors, which can be accessed on the Company's website. The Chairman determines the relevant materiality thresholds on a case by case basis with reference to both quantitative and qualitative basis.

The ASX Guidelines recommend that a listed company should have a majority of Directors who are independent. The Board, as currently composed, does not comply with this recommendation. At the date of this report, the Board comprises an equal number of independent Non-Executive directors and non-independent directors. Mr Chessari and Mr Bennetts currently hold, through their controlled entities, approximately 7.27% and 4.02% respectively of the shares in the Company. Mr Chessari and Mr Bennetts have also been directors of the Board for over ten years. These Directors have participated in the growth and development of MMS and have a significant interest in the Company's continued success. Given their history, corporate memory and skills, the Board believes that it is appropriate for each of these Directors to be members of the Board.

Once a new independent Non-Executive Director is appointed we will have a majority of Directors who are independent, rendering the Company compliant with the ASX Guidelines.

Details of the experience of the Directors is contained in the Directors' Report section of the Company's 2019 Annual Report.

Composition of the Board

Board practices

The Board meets regularly to evaluate, control, review and implement the Company's operations and objectives. The Directors receive monthly reports from the CEO, the CFO and operational managers. A Director, subject to prior approval of the Chairman (or, in the absence of that approval, the Board) may seek independent professional advice, including legal advice, at the Company's expense to assist them in carrying out their duties and responsibilities.

Performance review

During the financial year ended 30 June 2019, the Company concluded a review of the Board, its Board Committees and individual Directors (including the CEO) in respect of the financial year ended 30 June 2018. The Company has commenced its annual review of the performance of the Board, its Board Committees and individual Directors for the 2019 financial year.

This review process is led by the Chairman of the Board and involves discussions with each Director, the CEO and the Company Secretary. The performance evaluation focusses on the following areas:

- Board Composition;
- The Board's Role/Key Processes;
- Working with Management;
- People, Succession Planning and Remuneration;
- Strategy;
- Performance;
- Risk; and
- Reporting to Shareholders/Stakeholder Management

The performance evaluation of the Chairman of the Board for the financial year ended 30 June 2019 is undertaken by the Chair of the Remuneration and Nomination Committee (excluding the Chairman of the Board) after canvassing the views of the other Directors.

The Board regularly assess the performance of senior executive management in conjunction with the CEO.

Company Secretary

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

Remuneration and Nomination Committee

The Remuneration and Nomination Committee (RNC) is chaired by an independent director (who is not the chair of the Board) and consists of at least three members, all of whom are Non-Executive Directors and the majority of which are independent.

Details of names and relevant qualifications of the Directors appointed to the RNC, the number of meetings of the Committee held during the year ended 30 June 2019 and the attendance record for each relevant member can be found in the Directors' Report section of the Company's 2019 Annual Report.

The RNC assists and advises the Board by making recommendations to the Board in relation to its composition and recruitment, retention, remuneration and succession planning for Directors, the CEO and Senior Executives and the Director Performance evaluation process. The RNC makes recommendations to the Board on the capabilities and skills required to execute its strategic and business objectives.

In the process of the selection, nomination and the appointment of Directors, the RNC establishes criteria regarding general and specific qualifications and experience required of candidates. The RNC regularly assesses the skills, experience and diversity which the Board collectively requires to fulfil its role effectively, and incorporates that into succession planning.

The RNC will usually engage an executive search firm to assist in the process. Appropriate checks are undertaken on the candidate before they are appointed to the Board or put forward to shareholders as a candidate for election as a Director, including character, experience, criminal record and bankruptcy history.

The RNC has a charter approved by the Board which establishes the Committee's terms of reference and operating procedures. A copy of the Charter is available on the Company's website.

The RNC is empowered to investigate any matter brought to its attention and has direct access to any employee or any independent expert and adviser as it considers appropriate in order to ensure that its responsibilities can be carried out effectively.

The Company has formal letters of appointment in place with all senior executives setting out the terms of their appointment. The CEO carries out annual performance reviews with each member of the senior executive team, comparing the individual's performance against their agreed performance targets. This process was completed in accordance with a formal and rigorous process for the year ended 30 June 2019 with the CEO's report made to the Board in August 2019. The RNC has evaluated the performance of the CEO for the year ended 30 June 2019, taking into account the performance of the Group and other non-financial outcomes and made recommendations to the Board accordingly.

Audit, Risk and Compliance Committee

The Audit, Risk and Compliance Committee (ARCC) is chaired by an independent director and consists of at least three members, all of whom are Non-Executive Directors and the majority of which are independent.

The role of the ARCC is to assist the Board in carrying out its corporate governance responsibilities and safeguard the interests of the Group. The ARCC reviews and has oversight of accounting, auditing, financial reporting, risk management and compliance responsibilities.

The ASX Guidelines recommend that an audit committee be structured so that it is chaired by an independent director who is not chair of the board of directors. For the period 1 July 2018 to 30 September 2018 the ARCC met this condition however, due to the resignation of Ms Sue Dahn, during the period 1 October 2018 to 30 June 2019, Mr Poole served as both Chair of the Board and Chair of the ARCC and will continue to do so until an appropriate replacement chair of the ARCC can be appointed,

Details of the names and relevant qualifications of the Directors appointed to the ARCC, the number of meetings of the Committee held during the year ended 30 June 2019 and the attendance record for each relevant member can be found in the Directors' Report section of the Company's 2019 Annual Report.

The Board believes that during the financial year ended 30 June 2019, the ARCC had appropriate financial expertise with all members being financially literate and having a deep understanding of the industry in which the Company operates.

The ARCC is empowered to investigate any matter brought to its attention and has direct access to any employee, the independent auditors or any other independent experts and advisers as it considers appropriate in order to ensure that its responsibilities can be performed effectively. The ARCC has a documented charter approved by the Board. The charter can be accessed on the Company's website.

The external auditor (Grant Thornton) and the internal auditor (Deloitte) together with the CEO and the CFO are invited to attend the meetings. The ARCC also meets with the external auditor and the internal auditor twice a year without management to provide the auditor the opportunity to provide feedback on the conduct of the audit and management.

The Company has adopted procedures for the selection and appointment of the external auditor, and the rotation of external audit engagement partners in line with the *Corporations Act 2001* (Cth).

Financial reporting and risk management

The Board has ultimate responsibility for the integrity of the Company's financial reporting and for risk management.

The ARCC's risk management responsibilities include oversight of the risk management framework, the system of risk management and the internal control framework and that company operations are conducted within the scope of those frameworks. The ARCC will review the risk management framework annually to satisfy itself that it continues to be sound.

As part of the Group's risk management processes, senior management attend a monthly Risk and Compliance Committee (RCC), which is supported by internal control processes for identifying, evaluating and managing significant financial, operational and compliance risks to achieve the Company's objectives, and which are subject to ARCC and Board oversight from time to time. As previously mentioned, Deloitte has been appointed to service the internal audit function, providing independent assurance over the effectiveness of the Company's risk management, internal control and governance processes.

The Board reviewed the formal Risk Management Policy and Framework for the year ended 30 June 2019 including the Board's Risk Appetite Statement. The Risk Management Policy and Framework are accessible to all staff on the Group's intranet and identify the material risks affecting the Company and the manner in which each of those risks will be managed. No material environmental or social sustainability risks were identified. The economic risks identified, and how those risks are managed, are detailed in Note 4 of the Notes to the Financial Statements contained in the Company's 2019 Annual Report. A copy of the Company's Risk Management Policy and Framework Statement can be accessed on the Company's website.

Considerable importance is placed on maintaining a strong control environment. There is an organisation structure with clear lines of accountability and delegation of authority. Adherence to the Director and Employee Code of Conduct is required at all times and the Board actively promotes a culture of quality and integrity.

Before approving the Company's financial statements for the financial period, the ARCC received and considered a declaration from the CEO and the CFO in accordance with ASX Principles — the declaration that:

- in their opinion, the financial records of the Company have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and its controlled entities; and
- the above statement is founded on a sound system of risk management and internal control which is operating effectively.

The Company's external auditor has been invited to attend the Annual General Meeting and will be available to answer questions from the members of the Company relevant to the audit and the preparation and content of the Independent Audit Report.

Ethics and codes of conduct

The Company has adopted a Director Code of Conduct that applies to the Directors of the Company. The Director Code of Conduct reflects the commitment of the Company to ethical standards and practices. The Director Code of Conduct can be reviewed on the Company's website.

The Company has also adopted an extensive Employee Code of Conduct that applies to all employees of the Company, which acknowledges the need for, and continued maintenance of, the highest standard of ethics and seeks to ensure that employees act honestly, transparently, diligently and with integrity. A summary of the Employee Code of Conduct can be accessed on the Company's website.

The Company has a policy on securities trading that binds all of the Group's officers and employees. In addition to ensuring that all officers and employees are aware of the legal restrictions on trading in the Company's securities whilst in possession of unpublished price-sensitive information, the policy also:

- places restrictions on when Directors and employees can deal in the Company's securities;
- prohibits staff from entering into transactions designed or intended to hedge that employee's exposure to Company's securities that are subject to retention arrangements or on unvested MMS options; and

The MMS Group Securities Trading Policy can be accessed on the Company's website.

The Company has adopted a Whistleblower Policy, which is designed to ensure that employees of the Group can raise concerns on the basis of having reasonable grounds regarding actual or suspected improper conduct or malpractice in the Group, without fear of reprisal or feeling threatened by doing so. The policy can be accessed on the Company's website.

The Company has an Equal Opportunity & Diversity Policy which assists in confirming the Company's commitment to a diverse workforce, ensuring there is ongoing development and implementation of relevant plans, programs and initiatives to recognise and promote diversity, and in establishing the process for appropriate reporting. The policy can be accessed on the Company's website.

The Board encourages and supports the Company's commitment to ensuring a work environment that provides equal opportunity for all. Equal opportunity protects the principle that every person has the right to be treated fairly. The Company fosters an environment which encourages and values diversity in the workplace. The Company applies merit based policies and practices, and believes that the application of these achieves diversity outcomes.

A number of targeted measurable objectives have been approved by the Board in order to assist monitoring and application of the Company's approved policies. The details of the measurable objectives selected for the financial year ended 30 June 2019 and the report against them is contained on the following page.
